Tequipment

The Porsche Boxster can trace its roots to the birth of the Porsche marque. An open-top two-seater with mid-mounted engine, it shares the same fundamental layout as the first ever Porsche: the legendary 356/1 of 1948. Just five years later, that concept had evolved into the race-winning 550 Spyder.

In short: the Boxster is classic Porsche from the first design rendering to the last nut and bolt.

A car that requires just one thing more: your personal signature.

With Porsche Tequipment, you can create your own unique Porsche with our exclusive collection of aftermarket accessories. Each product combines elegant design and proven functionality with genuine Porsche quality. With such a comprehensive range of options to choose from, the possibilities are virtually unlimited.

Like your Porsche, all Tequipment products offer timeless style and durability. You can therefore continue to personalise your Porsche even after many more years on the road.

All modifications, parts and accessories come with our full manufacturer's warranty. So whatever modifications you ask us to carry out, your Porsche remains a Porsche.

▲ Grille in rear lower section
 Trim grille in GT silver metallic, integrated in rear lower section. Lends an individual, sporty look to the rear view of your Boxster.

Boxster/Boxster S from 08/02.
 Part no. 000 044 802 32

Exterior

Maximum downforce.
Maximum lift.

At Porsche Tequipment, we've combined classic design with superlative engineering to bring you even greater enjoyment from your Porsche. With the current range of exterior options for the Boxster model range you can now enhance each car's styling and aerodynamics. Our latest aero package not only offers a significant improvement in road and track performance, it is also one of the most distinctive ways of personalising your Porsche.

▲ Aerokit Boxster II
 Consisting of a combination of modified apron with integral spoiler, fixed rear wing with integrated brake light and matching side-skirt mouldings, the Aerokit Boxster II has been specifically designed to minimise front and rear lift. For reasons of balance, the front and rear elements may not be fitted separately.

Aerokit Boxster II with side skirts:
 Boxster: part no. 000 044 802 00
 Boxster S: part no. 000 044 802 01

Side skirts:
 Left: part no. 986 559 983 02
 Right: part no. 986 559 984 02

▼ Fuel filler cap with Aluminium Look finish

Inspired by the fuel filler caps on historic racing cars, this elegant accessory features a Porsche logo and can be safely tethered to the car.

Part no. 997 201 980 00

▼ Red/white taillight clusters

Standard fitment since 08/02, these red and white tail clusters are now available for all previous model years.

Red/white taillight clusters:
 part no. 000 044 900 67
 White side repeaters:
 part no. 000 044 900 80

▼ Xenon kit

Headlamp kit featuring xenon technology for optimum illumination of the road. Includes headlamp modules with integrated white indicators (subject to local regulations), control unit and wiring loom.

Part no. 000 044 900 39

Wheels

Elegance in motion.

The Boxster is the embodiment of pure exhilaration and genuine driving pleasure. To make the most of those qualities on all types of road, you need the right wheels.

Each of our wheel options combines style, quality, performance and comfort with exceptional active safety.

▲ 18-inch SportTechno wheel
One-piece alloy wheel featuring powerful yet lightweight hollow-spoke design and generous 18-inch diameter. The smooth open surfaces enhance the appearance of your Porsche and are extremely easy to clean.

Winner of the iF Design Award 2003.

▼ 18-inch SportDesign wheel
Two-piece, 10-spoke alloy wheel, originally developed for the 911 GT3 (1999). Outer rim features elegant high-gloss finish.

See table on page 10 for wheel and tyre dimensions.

▼ **18-inch Turbo Look II wheel**

Distinctive one-piece alloy wheel originally developed for the 911 Turbo (Type 996). As on the 18-inch Sport-Techno wheel, each rear rim measures 10 inches in width and

runs flush with the body of the car. The wider rear tyres create a larger contact patch for even greater traction and grip.

▲ **18-inch Carrera wheel**

This elegantly sculpted five-spoke alloy wheel offers a largely unrestricted view of the heavy-duty calipers and discs. Despite its monobloc construction, the wheel is almost as light as the

latest hollow-spoke designs. For a more purposeful stance, the Carrera wheel can be combined with the optional 5-mm spacers.

▼ **17-inch Boxster S II wheel**

One-piece alloy wheel with powerful and stylish design. Suitable for both Boxster models.

See table on page 10 for wheel and tyre dimensions.

See table on page 10 for wheel and tyre dimensions.

Wheel	Wheel dimensions (wheel offset in mm)	Tyre dimensions	Part number (set of four)
 18-inch SportTechno wheel	Front: 8J x 18 (50) Rear: 10J x 18 (47)	225/40 ZR 18 265/35 ZR 18	000 044 601 05
 18-inch SportDesign wheel	Front: 7.5J x 18 (50) Rear: 9J x 18 (52)	225/40 ZR 18 265/35 ZR 18	000 044 601 04 ¹
 18-inch Turbo Look II wheel	Front: 8J x 18 (50) Rear: 10J x 18 (47)	225/40 ZR 18 265/35 ZR 18	000 044 601 03
 18-inch Carrera wheel	Front: 7.5J x 18 (50) Rear: 9J x 18 (52)	225/40 ZR 18 265/35 ZR 18	000 044 601 02 ¹
 17-inch Boxster S II wheel	Front: 7J x 17 (55) Rear: 8.5J x 17 (48)	205/50 ZR 17 255/40 ZR 17	000 044 601 01 ¹

The set includes 4 wheels (without tyres). Your Porsche centre will be pleased to provide you with a full range of wheel-and-tyre combinations.

If your vehicle documentation does not include recommended wheel and tyre specifications, please consult your Porsche centre.

Note: wheel centres are not included.

18-inch wheels are approved for fitment on post-08/97 vehicles only.

Recommended fitment of Porsche Tequipment spacers:
¹ 5-mm spacers on all four wheels.

Please consult your Porsche dealer for additional notes on fitting.

◀ Spacers

Widen the track at front and rear to enhance the appearance of your Porsche. Centring elements on either side make for a perfect union with wheel and hub. Set of four with anti-theft wheel bolts.

4x 5 mm: part no. 000 044 500 09

◀ Snow chains

Specially designed for Porsche vehicles, these low-profile chains feature ultra-fine links for minimal adhesion of ice and snow.

Snow chains for tyre size 225/50 R 16:
part no. 996 361 920 00
Snow chains for tyre size 225/45 R 17:
part no. 996 361 920 01

◀ Wheel centre set

Concave wheel centres with Porsche Crest.

Set of four for standard-finish wheels:
part no. 000 044 600 12

◀ Crested valve caps

Set of four rubber valves with silver-finish sleeves and embossed Porsche Crest.

Part no. 000 044 600 00

▲ Anti-theft wheel bolts

Set of four steel bolts for alloy wheels with anti-theft protection system.

For vehicles without spacers:
part no. 996 361 057 02
For vehicles with 5-mm spacers:
part no. 996 361 980 02

Sport

Explore the potential.

The engine and chassis on the Boxster and Boxster S are designed for optimum road and track performance. To experience that capability at its fullest potential, you can choose from our exclusive range of high-performance options. Each is designed for maximum driving pleasure – and maximum driver safety.

▲ Sports tailpipe (from 08/02)
This stylish sports tailpipe has been specially developed for the new generation of Boxster. The split oval design provides an attractive feature at the centre of the modified rear apron.

Sports tailpipe for Boxster/Boxster S from 08/02: part no. 986 111 980 01

▲ Sports exhaust system (up to 07/02)

Enhance the sound and appearance of your Porsche with this stainless steel sports exhaust. Distinctive twin tailpipes are elegantly augmented by matching bypass tubes.

Sports exhaust system for Boxster/Boxster S up to 07/02: part no. 000 044 200 12
Installation kit required for 2.5-litre Boxster: part no. 000 044 200 11

▲ Sports suspension kit

Combines shorter and stiffer springs with thicker anti-roll bars plus firmer bump and rebound on all four dampers. Ride height lowered by 10 mm.

Sports suspension kit for Boxster (manual/Tiptronic S): part no. 000 044 500 06
Sports suspension kit for Boxster S (manual): part no. 000 044 500 21
Sports suspension kit for Boxster S (Tiptronic S): part no. 000 044 500 22

▲ Bucket seat

Genuine Porsche competition seat, available in FIA-compliant fabric or leather.

Please consult your Porsche partner for part numbers.

▲ Six-point harness

In conjunction with the bucket seat, this six-point harness offers maximum protection on the race-track. Must be replaced with standard three-point belt when using public roads.

Left-hand seat: part no. 996 803 037 91
Right-hand seat: part no. 996 803 038 91
Cross trace for belt attachment: part no. 996 521 933 90

► Short shifter

This short-throw gearshift mechanism offers a reduction in lever travel of as much as 35%. Precision engineered for accurate gear selection, the result is a more dynamic driving experience. The option is available for all Boxster models from 08/96 and is compatible with the current Tequipment range of aluminium, wood and carbon trim options. Note: gear-lever travel may be slightly restricted when the car is started from cold.

Part no.: 000 044 700 26

▲ Sports tailpipe (Boxster up to 07/02)

Chrome-plated tailpipe in stainless steel.

Boxster (up to 07/02): part no. 986 111 980 01

Interior

Room for expression.

There's nothing mass-produced about the Boxster – as anyone who has ever driven one will know. With Porsche Tequipment, you can develop that individuality while enhancing the car's comfort and sporting appeal. Over the following pages, you will find a selection of products offering a direct visual reference to the car's racing credentials. Options range from genuine carbon-fibre or Aluminium Look trim for the dash-

board and centre console to a set of door-entry guards in matching carbon fibre or elegant stainless steel.

For a more natural alternative to these high-tech materials, there's the classic ambience of genuine burr maple. Whichever one you choose, the result is the same: your own personal interpretation of the perfect Boxster.

◀ Aluminium Look interior

Enhance the race-inspired design of your Boxster or Boxster S with our Aluminium Look paint trim. Choose from the following options:

Instrument surround:
LHD vehicles:
part no. 986 552 984 18 + colour code
RHD vehicles:
part no. 986 552 984 19 + colour code

Dashboard trim:
Side air vents, left/right:
part no. 000 044 802 16 + colour code
(in leather)
part no. 000 044 802 17
(in black soft-touch paint)
Central air vent only for vehicles from 08/02:
part no. 996 552 951 00 + colour code

Door trim, left/right:
part no. 000 044 802 19

Rear section of centre console:
part no. 000 044 802 25

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever:
Please consult your Porsche dealer for part numbers.

▶ Stainless steel/carbon door-entry guards

These elegant accessories offer added protection for the door-sill area on your Porsche. Available in a choice of stainless steel or carbon fibre with Boxster or Boxster S logo.

Carbon door-entry guards with Boxster logo:
part no. 986 551 981 00
with Boxster S logo:
part no. 000 044 801 98

Stainless steel door-entry guards with Boxster logo:
part no. 986 551 981 01
with Boxster S logo:
part no. 000 044 801 97

◀ Wood interior

The distinctive grain of classic burr maple lends an added sophistication to the interior of your Porsche. Smooth and refined, the dark wood finish offers the perfect complement to any of our interior colours. Choose from the following trim options:

Instrument surround:
LHD vehicles:
part no. 986 552 984 12 + colour code
RHD vehicles:
part no. 986 552 984 13 + colour code

Dashboard trim:
Vehicles without PCM up to 07/02:
part no. 000 044 801 67 + colour code
Vehicles with PCM up to 07/02:
part no. 000 044 801 68 + colour code
All vehicles from 08/02:
Please consult your Porsche dealer for part numbers.

Door trim (left/right):
part no. 000 044 801 69
Rear section of centre console:
part no. 000 044 801 77

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever:
Please consult your Porsche dealer for part numbers.

▶ Carbon interior

Tough, lightweight and uniquely evocative, carbon fibre is a high-tech material used extensively in modern motor racing. The following trim options are available:

Instrument surround:
LHD vehicles:
part no. 986 552 984 04 + colour code
RHD vehicles:
part no. 986 552 984 05 + colour code

Dashboard trim:
Vehicles without PCM up to 07/02:
part no. 000 044 800 87
Vehicles with PCM up to 07/02:
part no. 000 044 801 48
All vehicles from 08/02:
Please consult your Porsche dealer for part numbers.

Door trim (left/right):
part no. 000 044 800 88

Rear section of centre console:
part no. 000 044 800 99

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever:
Please consult your Porsche dealer for part numbers.

◀ Padded leather steering wheel (excluding airbag module)

Generously upholstered in stylish black leather to offer added elegance and tactile appeal. Wheel diameter is expanded by approximately 2.4 mm for optimum grip characteristics.

Part no. 000 044 400 21 A28 (manual gearbox)
Part no. 000 044 400 20 A28 (Tiptronic S)

◀ Floor mats

Set of velour floor mats tailored to your Porsche in a choice of matching colours. Each mat features a non-slip, waterproof rubber backing and is secured using Velcro fasteners.

LHD vehicles:
part no. 000 044 800 53 + colour code
RHD vehicles:
part no. 000 044 800 81 + colour code

Audio and communication

The perfect accompaniment.

Our exclusive collection of in-car systems is uniquely tailored to your Boxster. Intelligent navigation is combined with advanced mobile communications to keep you on time and in touch, wherever you go. Increasingly indispensable in today's road traffic, our powerful GPS technology is augmented by a range of high-quality audio systems and a compact CD autochanger to bring you a more relaxing and enjoyable drive.

On vehicles produced up to 07/02, all system components are linked using a conventional analogue network. On those manufactured from 08/02 onwards, some audio and communications systems may be linked using MOST® bus technology. This digital network uses the latest fibre-optics to achieve high-speed data transfer with no loss of signal quality.

► PCM

Porsche Communication Management features a built-in drive for audio and navigation CDs, a high-resolution 5.8-inch colour display with 16:9 screen ratio and a navigation module. The GPS navigation system uses an integrated antenna to establish your current position before calculating the route to your destination. It can also offer alternative routes using the TMC (Traffic Message Channel) service currently available in some countries. System menus are easily navigable using a single multi-function rotary control. The integrated audio system features RDS two-tuner frequency diversity as well as 20 FM and 20 MW presets. Navigation CDs included.

For vehicles from 08/02 (with MOST® bus technology):
part no. 000 044 900 69

▲ Telephone module for PCM

This dual-band telephone module offers exceptional call quality in the 900 and 1,800-Mhz frequency bands. Calls are made using the 12-digit keypad on the PCM terminal.

For vehicles from 08/02 with PCM:
LHD vehicles:
part no. 000 044 900 71
RHD vehicles:
part no. 000 044 900 74

▲ Passive handset for telephone module

This keyless handset provides clearer communication as well as greater privacy when making a call.

Only available in conjunction with PCM and the PCM telephone module.

For vehicles from 08/02:
LHD vehicles:
part no. 000 044 900 73
RHD vehicles:
part no. 000 044 900 75

► TrafficPro navigation system

This compact system offers a comprehensive range of features, including full road network data for 13 European countries on a single CD-ROM. The high-resolution dot-matrix display offers optimum legibility under all light conditions. Route guidance information is delivered via the dot-matrix display as well as in the form of spoken instructions via the standard audio speakers (in English, German, French, Italian, Dutch, Swedish or Spanish). In some countries, the system's dynamic route guidance capability enables you to anticipate and avoid any congestion on your route. With its compact dimensions, the system is almost as easy to install as a conventional car audio system.

For vehicles without MOST® bus technology:
part no. 000 044 900 77

▼ Porsche high-performance audio system

This exclusive and powerful in-car entertainment system offers an exceptional audio experience. The 2 x 160 Watt (2 ohm) output combines with enhanced bass reproduction to create a rich panorama of sound that is uniquely tailored to the cockpit of your Porsche. The matching tweeter/mid-range modules and twin-bass panels in the doors are elegantly integrated into the interior of the car.

For vehicles without MOST® bus technology:
part no. 000 044 900 42

▼ CDC-4 CD autochanger

Fully compatible with all Porsche audio systems and PCM, this ultra-compact six-disc CD autochanger installs neatly inside the luggage compartment and is operated using the standard CD controls.

For vehicles from 08/02
(with MOST® bus technology):
part no. 000 044 900 72

Porsche audio systems

All Porsche audio systems are security coded, with some featuring a removable front panel and flashing LED. The LED is automatically enabled whenever the ignition key is removed. Each system is equipped with 4 x 18-Watt amps. The speed-dependent volume control is active up to 250 km/h (155 mph), ensuring consistent audio output at all times. The TrafficPro system uses DAS (Dynamic Autostore) to display all available stations along with their RDS codes. The dot-matrix display offers a choice of positive or negative output for optimum legibility under all light conditions.

For vehicles up to 07/02
(without MOST® bus technology):
TrafficPro navigation system:
part no. 000 044 900 77
CR-22 radio cassette:
part no. 000 044 901 00

For vehicles from 08/02
(with MOST® bus technology):
CDR-23 CD radio:
part no. 996 645 128 06

Features	CR-22	CDR-23	Traffic Pro	PCM
MOST® bus input.	-	x	-	x
DAS (Dynamic AutoStore). Softkey display of all available stations listed by reception quality. Can also be used to display programme information alongside station code.	-	-	x	-
NBC (Next Best Chain) station presets. In NBC mode, the 10 softkey buttons present the 10 strongest stations for selection. The name of the strongest station is permanently displayed, while those assigned to keys 2 to 0 can be viewed by pressing and holding the corresponding key.	10	10	-	-

Child-seat insert (not shown)

Specially designed for the Porsche Baby Seat ISOFIX (G 0+) and offering additional head support for newborns.

Part no. 955 044 800 58

Rain sensor (not shown)

This compact sensor located in the front windscreen glass provides automatic adjustment of the wiper interval.

Part no. 996 612 981 00

▲ Automatically dimming interior and exterior mirrors

The interior mirror uses an optoelectronic sensor to monitor the light from vehicles behind. All three mirrors can then be automatically dimmed to prevent dazzling.

Interior mirror: part no. 000 044 801 46

Exterior mirrors:
with driver memory: part no. 000 044 801 52
without driver memory: part no. 000 044 801 03

▲ Airbag deactivation unit

Automatically disables the front and side airbags on the passenger's side when the plug-in connector on your Porsche child seat is inserted. Must be installed by your Porsche centre.

Part no. 996 803 083 02

Safety

For added peace of mind.

The Boxster is not only one of the world's most accomplished roadsters, it is also one of the safest. With Porsche Tequipment, you can make it safer still – particularly for the youngest of passengers.

► Porsche child seats

Our comprehensive range of ergonomically designed child seats offers security, comfort and maximum freedom of movement for all children up to 12 years of age. Exclusively designed for use in your Porsche, each seat can be fitted quickly and easily using the standard three-point belt.

Child seats	Model	Group	Weight	Age
	Porsche Baby Seat ISOFIX, G 0+ Part no. 955 044 800 42	0+	0 – 13 kg	0 – 18 months
	Seat insert (not shown) Part no. 955 044 800 58			
	Porsche Junior Seat ISOFIX, G 1 + G 2 Part no. 955 044 800 44	1 + 2	9 – 25 kg	9 months – 7 years
	Porsche Plus, G 2 + G 3 Part no. 955 044 801 02	2 + 3	15 – 36 kg	3½ – to 12 years

Child seats may be used on passenger seat only in conjunction with airbag deactivation unit (not included).

Touring

**A little creativity,
a lot of extra loadspace.**

The Boxster is a roadster in its purest form. And one of the most practical cars in its class. Together, the front and rear luggage compartments offer a full 260 litres of loadspace. For those occasions when you simply need more, there's a comprehensive range of load-carrying options. Each is designed specifically for the Boxster – and all the freedom you expect from your Porsche.

▲ Roof transport system
Specially designed for the Boxster and Boxster S, this versatile roof system can be combined with one of a range of attachments to offer a maximum payload of 75 kg. Each attachment is designed for a specific type of load and features built-in anti-theft protection.
Part no. 986 801 055 01

▲ Luggage retainer
Effective means of securing luggage and protecting the luggage compartment.
Part no. 986 551 982 00

▲ Ski/snowboard carrier
For up to four pairs of skis or two snowboards.
Part no. 955 044 000 23

For up to six pairs of skis or four snowboards.
Part no. 955 044 000 24

▲ Racing bike carrier
Specially designed for secure transportation of racing bikes.
Not suitable for bikes with front fork suspension.
Part no. 000 044 000 52

▲ Bike carrier
Lockable carrier for all standard bikes up to a maximum frame-tube diameter of 85 mm. It is possible to mount up to 3 bike carriers.
Part no. 955 044 000 66

▲ Roof box
Lockable plastic box with total capacity of 310 litres and integrated ski-holder. Can be opened from either side of the vehicle.
Part no. 955 044 000 47

Wind and weather

Protection for you. And your Porsche.

With its rapid hood action, the Boxster is ready for every eventuality. At the push of a button, you can roll back the hood and let the sunshine and fresh air pour in. Push it once more, and you're safely under cover before the first of those raindrops can land.

But it's not just the hood that makes the Boxster so enjoyable in all weather conditions. At Porsche Tequipment, we've assembled a range of options to protect you and your Porsche whenever the skies turn grey.

▲ Hardtop

Elegantly styled to match the lines of the Boxster, this precision-made aluminium hardtop weighs roughly

25 kg and features a heated rear screen and fabric rooflining.

Part no. 986 563 005 01 + colour code

◀ Tonneau cover

Stylish alternative to closed-top driving where interior protection is required.

LHD vehicles: part no. 986 561 985 00 A10
RHD vehicles: part no. 986 561 985 01 A10

▲ Wind deflector

The detachable wind deflector helps minimise turbulence during open-top driving. It is easy to fit and stows neatly away in the luggage compartment when not in use.

Part no. 000 044 800 78

► Speedster rear section

Add a nostalgic touch to the exterior of your Boxster with this elegant race-inspired accessory. Two-piece design makes for easy fitting and removal. Each piece comes with its own storage bag and can be stowed in the luggage compartment.

Part no. 986 504 994 01 G2X

▲ Hardtop carrier
