

PORSCHE

# Tequipment Boxster

Accessories for the Boxster (Type 987) model range

# Tequipment

**Different Porsche, same concept.** Every Porsche embodies the same genetic code. It forms the source for the familiar Porsche design, performance and quality. Right down to the smallest detail. It's all part of the engineering. And synonymous with our name.

This genetic code reveals itself individually in every single model, whether it is the 911, Cayman S, Cayenne or Boxster. For the Boxster models this means precise engineering and taut design in harmonious alignment. Unmistakeable and beyond all trends and fashions. Features that make it the sports car among roadsters.

Yet the engineering does not apply only to the sports cars themselves, but also to all of our model-specific Tequipment products. They are developed, tested and fine-tuned by the same Porsche designers and engineers who develop, test and fine-tune the vehicles. The entire process, from design to release,

primarily takes place in the Porsche Development Centre in Weissach.

All products undergo extensive functionality and durability tests during development. On test stands, in endurance tests and test drives. Because, like the high-quality tools and materials, they too must meet stringent Porsche guidelines and standards.

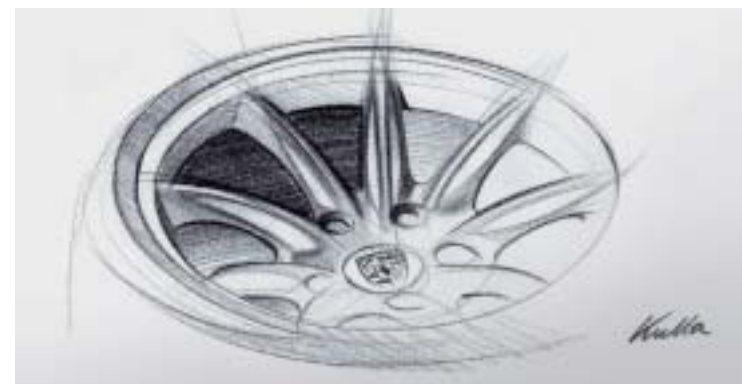

So your Boxster remains what it is: 100% Porsche. 100% engineering. But just that little bit more individual.

Take, for example, the Porsche Tequipment wheels. Regardless of the wheel design that you opt for, all have been developed based on the above-mentioned requirements. Right from the start of the project, engineers and designers work closely together to implement the existing specifications in the styling. Such specifications include the required wheel weight, the space required for Porsche brakes

and the best possible resistance in the event of mechanical forces, e.g. from kerbs.

The dynamic permanent wheel loads are simulated using special test stands. Laboratory tests to ensure the quality of materials and surfaces are carried out in parallel. Driving dynamics are tested on the race track. The end result: wheels that are both visually and technically the perfect complement to your Porsche.

It doesn't matter what Tequipment products you have retrofitted by your Porsche Centre, your warranty remains fully valid.

# Exterior

**It's the inner values that count.  
But not only.**

Quotations from more than 50 years of roadster history and the most advanced sports car construction – this embodies the Boxster.

All this is reflected in its design. Down to the smallest detail.

## **Wind deflector**

The wind deflector reduces air turbulence for driver and passenger. Easily detachable when not

required, it stows neatly away in the luggage compartment.

Part no. 987 044 800 03

## **Hardtop**

The design is harmonised with the lines of the Boxster. The hardtop with heated rear screen is made of aluminium and weighs approx. 23 kg. It is very simple to install.

The interior is lined with sound-absorbing material and finished in black.

Part no. 987 563 005 00 + colour code

# Wheels

## A few inches more?

The Boxster models are manoeuvrable and agile. Created for taking curves. The wheels take on great importance for the Boxster. They are its contact to the road. No matter what the conditions and what time of year. We offer 17- and 18-inch wheels with winter

tyres, and 18- and 19-inch wheels with summer tyres. But what counts is your vision of design.

## 19-inch Carrera Sport wheels with summer tyres

In the traditional 10-spoke design. The broader version (8.5-inch at

the front, 10-inch at the rear) and the resulting increased wheel contact surface not only ensures an even sportier look but also provides for

better traction. The GT Silver Metallic wheel spokes and the highly polished rim flange add to the visual effect.

## 19-inch SportDesign wheels with summer tyres

A clear commitment to motor sport: the 19-inch multi-spoke

SportDesign wheel. This wheel design is familiar on the race track.

See table on page 13 for wheel and tyre dimensions.

**19-inch Carrera Classic wheels  
with summer tyres**

An elegant wheel in the familiar  
Porsche 5-spoke design.

The Porsche brake system can be  
viewed through the filigree spokes.

**18-inch Boxster S wheels  
with summer/winter tyres**

The 18-inch Boxster S wheel with  
winter tyres provides for good

traction in adverse conditions. And  
also suits the Boxster exceptionally  
well with summer tyres.

**19-inch Carrera S wheels  
with summer tyres**

The design of the 19-inch Carrera S  
wheel arises from a combination of

simple, geometric forms. The result  
is a new and highly technical form.

**17-inch Boxster II wheels  
with winter tyres**

One-piece alloy wheel in a striking  
5-spoke design with twin-spoke out-

let. In combination with winter  
tyres makes excellent headway in  
the coldest season of the year.

See table on page 13 for wheel and tyre dimensions.

See table on page 13 for wheel and tyre dimensions.

### Wheel centre set

Wheel hub covers with full-colour Porsche Crest.

Set of four: part no. 955 044 600 10  
For Carrera Sport wheel in GT Silver Metallic:  
set of four: part no. 997 044 600 10

### Crested valve caps

Set of four rubber valves with silver-finish sleeves and embossed Porsche Crest.

Not suitable for vehicles with Tyre Pressure Monitoring (TPM).

Part no. 000 044 600 00

### Anti-theft wheel bolts

Set of four steel bolts for alloy wheels with an effective coding system.

For vehicles without spacers:  
part no. 996 361 057 02  
For vehicles without spacers:  
part no. 996 361 980 02

### Note on winter tyres:

Even at temperatures below +7 °C, summer tyres no longer offer optimum friction properties. Porsche recommends the use of winter tyres in this temperature range. But, at the latest, the superiority of winter tyres will become clear when snow falls.

### Spacers

Spacers are used to widen the track.

Cannot be fitted on vehicles with 19-inch Carrera Sport wheels.

4x 5-mm spacers including extended wheel bolts and anti-theft protection.  
Part no. 000 044 500 09

### Snow chains

Special design with fine-link chain for minimal adhesion of ice and snow.

Cannot be fitted on vehicles with spacers.

Snow chains for tyre size 235/50 R 17 and 255/40 R 18: part no. 996 361 922 00

Wheel/tyre set	Wheel dimensions (offset (ET) in mm)	Part number (set of 4 wheels/tyres) For vehicles with/without Tyre Pressure Monitoring (TPM)

<b>18-inch Boxster S wheels with winter tyres</b>	Front: 8J x 18 ET 57 235/40 R 18 V Rear: 9J x 18 ET 43 255/40 R 18 V	Without TPM: 987 044 600 05 With TPM: 987 044 600 06
<b>17-inch Boxster II wheels with winter tyres**</b>	Front: 6.5J x 17 ET 55 205/55 R 17 V Rear: 8J x 17 ET 40 235/50 R 17 V	Without TPM: 987 044 600 03 With TPM: 987 044 600 04

If your vehicle documentation does not include recommended wheel and tyre specifications, please consult your Porsche Centre.

Note: The pictured wheel centres are not included in the delivery. The fitted tyres are exclusively tyres that correspond to Porsche specifications. These tyres are designated by the specification index (N0, N1, etc.) on the tyre sidewall. Only these tyres are recommended by Porsche.

\* Expected to be available 11/05, cannot be fitted on vehicles with spacers. \*\* Not for Boxster S.

# Sport

## Sportiness is an inner attitude. Live it out.

Mid engine, lightweight construction and low centre of gravity. This concept symbolises more than 50 years of Porsche motor racing history. In the Boxster models, this concept represents sportiness in its purest form.

With this idea in mind, Porsche Tequipment products came into being to make your Boxster even more sporty.

### Sports tailpipe

This two-tube tailpipe with concave outlets adds a particularly sporty

tone to the rear end of the Boxster models. The hard chrome-plated surface gives a constant impression

of high quality.

Part no. 987 111 254 01

### Short shifter

For speedy and sporty gearshifts: with the short shifter, gear-lever travel is shortened by approx. 20%. This means even more precise gearshifts and an even more dynamic driving experience thanks to perfect gear guidance.

The short shifter can be combined with all gear levers from the Tequipment range.

Please note that some slight resistance may be experienced during gearshifts when the vehicle is started cold.

Part no. 997 424 983 00

### Fuel filler cap with Aluminium Look finish

Inspired by the fuel filler caps on historic racing cars, this elegant accessory features a Porsche logo and can be safely tethered to the car.

Part no. 997 201 980 00

# Interior

## More ambience for more driving pleasure.

The interior of a Porsche deserves special attention. The demands of the driver should also find expression in the interior. That's why you can fit out the interior according to your individual taste. You have the choice of an exclusive selection of colours and materials. Choose from sporty (carbon), classic (selected woods)

or purist (aluminium or an Aluminium Look finish). The interior equipment packages presented here can, of course, be combined with each other. Because – like every Porsche – the Boxster is a declaration of individuality.

### Macassar

Macassar is a dark, extremely striking ebony with a modern and elegant effect. The black heartwood is irregularly grained or marbled with red/brown.

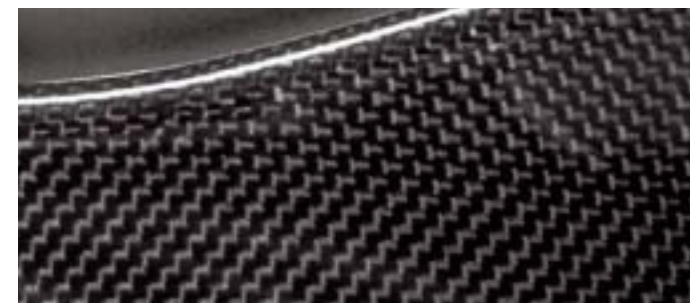

### Sycamore

Sycamore is a light brown, subdued wood. The fine, even structure imparts a classical airiness.

### Carbon

Carbon fibre is a light but very sturdy material used in motor sport. Its sporty look expresses high-tech.

### Aluminium

Alumium or Aluminium Look finish set a clear tone and stand for sporty purism.

### Basic package

Includes the grilles in the switch panel and the covers of the cup holders. The illustration to the right shows the switch panel basic package in sycamore.

Macassar:  
LHD vehicles: part no. 987 044 800 21  
RHD vehicles: part no. 987 044 800 22  
Sycamore:  
LHD vehicles: part no. 987 044 800 23  
RHD vehicles: part no. 987 044 800 24  
Carbon:  
LHD vehicles: part no. 987 044 800 25  
RHD vehicles: part no. 987 044 800 26

### Upgrade package – steering wheel, gear lever/selector and handbrake lever

Includes the multifunctional steering wheel rim (without airbag module) as well as the gear lever or gear selector and handbrake lever.

For vehicles with 5-speed/6-speed manual gearbox:  
Macassar:  
part no. 987 044 800 10 + colour code/  
997 044 800 33 + colour code  
Sycamore:  
part no. 987 044 800 11 + colour code/  
997 044 800 35 + colour code  
Carbon:  
part no. 987 044 800 12 + colour code/  
997 044 800 37 + colour code

For vehicles with Tiptronic:  
Macassar:  
part no. 997 044 800 34 + colour code  
Sycamore:  
part no. 997 044 800 36 + colour code  
Carbon:  
part no. 997 044 800 38 + colour code

### Upgrade package – door trim

Includes the door handle fronts and the lids of the door storage bins.

Macassar:  
part no. 987 044 800 13  
Sycamore:  
part no. 987 044 800 14  
Carbon:  
part no. 987 044 800 15

### Upgrade package – centre console

Includes the centre console with ashtray.

Macassar:  
part no. 987 044 800 16  
Sycamore:  
part no. 987 044 800 17  
Carbon:  
part no. 987 044 800 18

### Upgrade package – aluminium shift/handbrake lever

The upgrade package includes an all-aluminium shift lever with leather trim in interior colour and a leather-covered handbrake lever in interior colour to match. The aluminium insert with the Porsche logo is an elegant highlight.

Please see the separate price list for part numbers.

### Upgrade package – centre console in Aluminium Look finish

With this upgrade package you can add a sporty tone to the centre console and ashtray with an Aluminium Look finish.

Part no. 987 044 800 19

### Upgrade package – door trim in Aluminium Look finish

For more sporty purism the door components upgrade package is also available in an Aluminium Look finish. It includes the front of the door handles and the lids of the door storage bins.

Part no. 987 044 800 20

### Sports-look footrest

Attachment for the standard footrest made from hard-wearing material with a stainless steel frame.

Only for LHD vehicles.  
Part no. 997 551 986 00

### Floor mats

Precision down to the last detail: made-to-measure floor mats with soft leather edging and embroidered Porsche logo have a water-proof underside and are non-slip.

They are secured by a fastener system.

Set of two:  
LHD vehicles:  
part no. 987 044 800 01 + colour code  
RHD vehicles:  
part no. 987 044 800 02 + colour code

### Carbon door-entry guards

The door-entry guards in carbon with Boxster or Boxster S logo signal a passion for sporty driving at first glance.

With Boxster logo:  
part no. 987 551 980 00  
With Boxster S logo:  
part no. 987 551 980 01

### Stainless steel door-entry guards

The door-entry guards in stainless steel with the incorporated Boxster or Boxster S logo set an effective visual tone when entering the car.

With Boxster logo:  
part no. 987 551 980 02  
With Boxster S logo:  
part no. 987 551 980 03

### Illuminated door-entry guards

Unusual and striking, these door-entry guards feature a white illuminated Boxster or Boxster S logo. Available in stainless steel or carbon.

Stainless steel with Boxster logo:  
part no. 987 044 800 27  
Stainless steel with Boxster S logo:  
part no. 987 044 800 33  
Carbon with Boxster logo:  
part no. 987 044 800 35  
Carbon with Boxster S logo:  
part no. 987 044 800 36

# Audio and communication

## Maximum performance – with our communication technology too.

Intelligent communication technology plays an increasingly important role in road traffic. Get to your destination by the quickest route. Be accessible and informed at all times.

Convert your Boxster into an extremely mobile communication centre. And enjoy relaxed driving at the same time.

## PCM including navigation module

Porsche Communication Management (PCM). Equipped with an integrated CD-ROM drive for audio CDs, 5.8-inch screen with 16:9 ratio for crystal clear display and an external DVD navigation unit. The GPS navigation system uses an integrated antenna to establish your current position

before calculating the route to your destination. It can also offer alternative routes using the TMC (Traffic Message Channel) service currently available in some countries. The integrated radio features an FM dual-tuner with RDS diversity and offers 20 FM and 20 MW presets. Thanks to the DVD navigation system's separate drive, the CD drive

of the PCM can always be used purely for playing audio CDs. A DVD containing extensive map material is included with PCM.

Please consult your Porsche Centre for part numbers.

## Navigation update

Offering optimised precision navigation, this feature includes a system and card update for your navigation system with data updated for MY 2005. The card material includes

new countries and features a significantly increased level of detail. The many new functions include destination input via post codes, TMC (Traffic Message Channel)

for other regions and an optional electronic logbook.

Please contact your Porsche Centre for information on your PCM data status.

Part no. 000 044 900 88

### Electronic logbook

Supports the user in keeping a logbook which independently records all relevant data, reducing the need for the user's input to a minimum. The logbook is operated via the PCM control menu. PC software used to evaluate the

data at a later date is also included. The data is output via the PCM's infrared interface.

For vehicles with PCM, data updated for MY 2006: part no. 955 044 900 29  
For vehicles with PCM, data updated for MY 2005, the navigation update, part no. 000 044 900 88 is additionally required.

Please contact your Porsche Centre for information on your PCM data status.

### Telephone module for PCM

This triband telephone module offers exceptional call quality in the 900- 1,800- and 1,900-Mhz frequency bands. The PCM 12-button keypad makes it easy to dial telephone numbers.

LHD vehicles:  
part no. 997 044 900 71  
RHD vehicles:  
part no. 997 044 900 74

### Passive handset for telephone module

This keyless handset provides clearer communication as well as greater privacy when making a

call. The console is comfortably positioned directly next to the driver.

Only available for vehicles with telephone module.

LHD vehicles:  
part no. 997 044 900 73  
RHD vehicles:  
part no. 997 044 900 75

### Vehicle Tracking System

Facilitates the tracing of a stolen vehicle in all 25 EU countries, plus Norway and Sweden.

Only in vehicles with Vehicle Tracking System preparation.

Can only be used in conjunction with a fee-based tracking service plan. Your Porsche Centre will be happy to recommend a local service provider.

Expected to be available from 12/05.

Please consult your Porsche Centre for part numbers.

### CDC-4 CD autochanger

Takes up to six CDs and to save space is installed in a niche in the luggage compartment. Is operated using the PCM or the CDR-24.

Part no. 997 044 900 72

# Child seats

**Safety is a big issue.  
Especially for the little ones.**

The Boxster is not only one of the world's most accomplished roadsters – exemplary safety is also part of the Porsche philosophy. For all occupants, particularly the youngest ones.

### Porsche child seats

Our comprehensive range of ergonomically designed child seats offer security and comfort for all children up to 12 years of age. The seats can be fitted easily and firmly to the passenger seat using the child seat fastener system. This enables Porsche ISOFIX child seats to be connected securely to the seat. Telescopic bars on the child seat lock into place between the backrest and the seat and hold it firmly to the passenger seat.

### Child seat fastener system

The child seat fastener system for the passenger seat comprises ISOFIX fastening loops for mounting between seat surface and backrest as well as a key switch for deactivation of the passenger airbag. The passenger airbag must be deactivated when carrying children weighing less than 27 kg.

LHD vehicles:  
part no. 997 044 800 13  
RHD vehicles:  
part no. 997 044 800 14

### Child-seat insert (not shown)

Specially designed for the Porsche Baby Seat ISOFIX (G 0+) and offering additional head support for newborns.

Part no. 955 044 800 58

Child seats	Models	Group	Weight	Age
	<b>Porsche Baby Seat ISOFIX, G 0+</b> Part no. 955 044 800 42  <b>Child-seat insert (not shown)</b> Part no. 955 044 800 58	0+	Up to 13 kg	Up to 18 months
	<b>Porsche Junior Seat ISOFIX, G 1 + G 2</b>  Part no. 955 044 800 44	1 + 2	9 to 25 kg	from 9 months to 7 years
	<b>Porsche Plus, G 2 + G 3</b>  Part no. 955 044 801 02	2 + 3	15 to 36 kg	from 3½ to 12 years

Child seats may only be used in conjunction with child seat fastener system

# Car care and accessories

## You take care of something you love.

The Boxster models stand for pure driving pleasure. With the right sort of car care you can sustain this pleasure over many years. Porsche Tequipment has developed a complete programme to this end. It consists of an optimal range of products to protect and care for your Boxster.

### Outdoor car cover

Custom-fit, outdoor car cover with Porsche Crest and logo. This car cover is water-repellent and protects your Porsche from weather extremes such as strong sunlight. Equipped with an anti-theft protection system.

Part no. 987 044 000 02

### Luggage compartment liners

The custom-fit luggage compartment liners are waterproof and washable. They prevent soiling of the front and rear luggage compartments. The front liner is equipped with handles,

making it suitable for transporting shopping.

High luggage compartment liner, front:  
part no. 997 044 000 04  
Shallow luggage compartment liner, rear:  
part no. 987 044 000 05

### Hardtop cover

Specially tailored hardtop cover made of breathable, antistatic material.

Part no. 987 044 000 01

Hardtop holder:  
part no. 000 044 000 21

### Hardtop carrier

Robust and compact hardtop carrier with wheels for easy manoeuvrability. Dismantles quickly and easily for transport in the luggage compartment of your Boxster or Boxster S.

Part no. 000 044 000 59

### Indoor car cover

Indoor car cover made from a breathable, antistatic material. With full-colour Porsche Crest and logo.

Part no. 987 044 000 00

### Porsche Charge-o-mat II

Battery charging and monitoring device with trickle function. An adapter is available for cars without a cigarette lighter.

Part no. 955 044 900 17  
Part no. 955 044 900 16 (GB)  
Adapter:  
Part no. 000 043 202 55

### Wheel cleaning kit

Care products and brush set for Porsche alloy wheels. The cleaner is also available as a refill bottle.

Part no. 000 043 202 24

### Ice scraper

This practical winter accessory features a telescopic handle for added reach and an integrated rubber lip for removing water, etc.

Part no. 955 044 000 02

### Rechargeable torch

Handy torch with fold-out magnifying lens. Easily rechargeable via cigarette lighter.

Part no. 000 044 900 79

### Porsche Financial Services

We've developed a range of innovative financial services, carefully tailored to the needs of Porsche owners, including competitive finance and leasing schemes, insurance and the Porsche Card.

### Porsche Used Car Programme

The Porsche Used Car Programme is designed to help you find the very finest examples of pre-owned Porsche vehicles. Each car is rigorously tested to the highest Porsche standards and comes with comprehensive warranty cover.

### Porsche Exclusive

With our factory-fitted personalisation programme, you can now create your perfect Porsche. In terms of styling, specification or both. All modifications are uniquely handcrafted for your car.

### Car care case (Cabriolet)

Aluminium case containing a selection of quality car care products specially approved for your Porsche. Includes shampoo, wax, interior glass cleaner, hood conditioner, leather cleaner and conditioner. All products are available separately.

Part no. 000 044 000 62

### Interior care kit

Care products for the interior of the vehicle. Includes velour cleaner for carpet and floor mats, leather cleaner and conditioner, interior glass cleaner, plastic polish and a range of cleaning accessories.

Part no. 955 044 000 53

### Tool kit

High-quality leather case with a selection of useful tools.

Part no. 955 044 000 01
